SPECIAL INFIELD ATTRACTIONS

AFTERNOONS

Fess Reynolds and his liberty Buffalo. For the first time in the history of the western entertainment world, Stampede patrons will see a small herd of native Buffalo performing within a small arena. These hitherto untamed Buffalo will perform a liberty act which will astound you. Positively the first appearance of an attraction of this kind in Canada.

Glen Randall, of Hollywood, California, and his famous troupe of Palomino Liberty horses. Owned by the famous cowboy star, Roy Rogers, they perform a number of graceful movements in faultless fashion.

Rodeo clown, Jimmy Schumacher, and his walking barrel, Buddy Heaton and Fess Reynolds, the famous bull-fighting clowns.

These and other special infield features will keep you interested, alternating as they do with the official championship cowboy contests.

And don't forget the world-famous chuckwagon races every evening at 7:15. A thrill a minute.

Make your ticket and accommodation reservations early.

Rules and Regulations Governing World Famous Chuck Wagon Races

This event is for the Canadian Championship Title. Cash purses in this event are open to the world.

Each outfit to consist of a wagon drawn by four-horse team, driver, four mounted men, all attired in cowboy costume, including bright colored shirts and cowboy hats. No horse can be changed on chuck wagon without consent of the judges.

Wagon must be regulation round-up chuck-wagon, (standard running gear with double box), table—no false bolsters—bows, regulation stove supplied by committee. Canvas fly to extend from top to chuck-box at least eight (8) feet out from end of wagon, two (2) poles to hold up outside end of fly, with at least two (2) guy ropes to be used. Poles can be attached to fly, but cannot be long enough to swing out from back of wagon, they must be put up under fly, 8 feet from rear of wagon.

Dragging pole or fly or lost pole will be severely penalized by judges.

One set of barrels will be placed opposite and in line with the wire in front of the judges' stand and the others will be placed necessary distances apart east and west of the wire. The barrels will be placed so as to equalize the distance to be travelled by each team when they go under the wire after going once around track, in order to place each contestant on the same basis. Camp ground will be allotted in accordance with starting position. Camping positions will be numbered from No. 1 up, starting from the west. Teams will be hitched to start, facing north, on east side of the south barrel, driver on seat. Horses saddled. One or not more than two outriders may hold team or saddle horses until driver starts team, after which time no assistance may be given the driver. The other outriders are to be grouped around stove, which is to be set up at rear end of wagon, fly to be set up. Race starts when horn blows. Strike camp. Properly pack load, and secure equipment on wagon. Outriders will not be allowed to carry stove around track. Stove must be loaded in rack before wagon hits track or outfit will be penalized 4 seconds. Drivers and outriders will cut figure eight around barrels, each driver passing his first barrel on the right side. No assistance can be rendered driver by any of his outfit, as to hazing team, etc. Driver must drive his own team. Four mounted men with each outfit must, at the discretion of the judges, stay behind their own wagon, so that other teams may pass their outfit if possible, providing that in all cases wagon must have right of way. Riders will be deemed late if he is back of flag when lead team hits wire. Flag will be approx. 75 ft. behind wagon. After cutting figure eight around barrels on infield, outfits pass out on track on west side of barrel, turning to left, run around track and finish under wire. Time will be taken as each lead team passes under the wire, attached to wagon as part of four-horse team with driver holding reins.

Time shall be taken on each wagon, and the twelve outfits having the best time each day shall respectively receive the day purses. Total time shall be recorded on each outfit for the first five days. The SIXTEEN outfits having best total time at the conclusion of the fifth day, shall run in the FINALS on the

SIXTH DAY, and shall receive day money and the final money. In case sufficient wagons drop out so that there will be at least twelve wagons in the final heat, all monies saved during week will be split evenly among final money winners. All chuck wagon outfits other than the sixteen qualifying for the finals on Saturday evening shall be entitled to compete in the chuck wagon consolation race on Saturday morning.

When horn blows, it is a race, and faulty equipment or mismanagement on the part of the contestant will not be sufficient cause for a re-run.

In case of accident, the outfit whose time is affected, through no fault of its own (provided that outfit is not a money winner that day), will for that day be given average time. In the event of average time being awarded by the Judges, the wagon fouled shall receive the average time of the heat in which the foul occurred, plus the penalties incurred by the fouled wagon. No day money can be won on average time. All wagons must complete the race if at all possible.

As this is a race to show the skill of the driver and outriders, as well as the speed of the team, penalties, in seconds, may be imposed by the judges for the following offences, according to the seriousness of the same :

Outriders helping driver after team starts— at discretion of Judges.

Outriders individually or outfit by his or its actions interfering with other contestants at the discretion of the Judges.

Outriders being late or ahead of lead team—One Second, plus One Second if outrider fails to finish race.

Outrider missing or knocking over barrel; each offence — Two Seconds.

Wagon starting ahead of horn—at discretion of judges—Minimum penalty, 2 seconds.

Wagon knocking over barrel: each barrel—Five Seconds.

Wagon missing barrel: each barrel—Ten Seconds.

Wagon being under weight: for each 100 lbs., each night—One Second.

Poles left or dragging: each pole—One Second.

Fly dragging or flapping when crossing finish line—One Second.

Stove left or lost, not in stove rack at finish line—Four Seconds.

Stove off ground or loaded before starting whistle blows at discretion of Judges.

Drivers interfering with another wagon after finish of race may be penalized at Judges' discretion.

For whipping team with end of lines or any substitute — Two Seconds.

Chuck-wagon outfit and four outriders must be ready and lined up at gate ready to come into Arena when their heat is called or they will be disqualified.
